HOW TO WRAP YOUR $UBX TO SEND BACK TO AN EXCHANGE SUCH AS KUCOIN

1. WRAP YOUR TOKENS

Click on "WRAP" in your ETH wallet.

Please note: You will need to wrap your UBX tokens to send them back to an exchange.

The following **warning** will appear. Please ensure you're wrapping a minimum of **100,000 UBX tokens** to **ETH**.

2.COPY YOUR ONE TIME WRAP ADDRESS

UBX to UBX ERC20 CDR wrap

Here you can wrap your UBX in an ERC20 Crypto Depository Receipt (CDR). Crypto Depository Receipts for UBX (ERC20 UBX CDR) will be credited to your account 0xB7a19d40f975F88599826B05A14B22C5FCE05428

For wrapping, please send UBX to this address

Ux94956bb0e456971d9ed7b8979c04c4b6a3e5aa83

(!) This is a single-use address that can only be used once.

Minimum amount to wrap is 100 000 UBX UBX wrap terms and conditions

Current status: **awaiting for funds**

3.SELECT YOUR WALLET

Click the "WALLETS' tab in the side menu. You will be redirected to your Ubikiri wallets.

Click "SEND" in the UBX wallet you wish to send your tokens from. In this case it's "MY UBX WALLET 005".

4.SELECT AMOUNT TO WRAP

Enter the amount you wish to wrap. If you're met with an error here and the "GAS FEE" is not sufficient, be sure to alter the amount to be wrapped so that the gas is covered.
